America's Premier Roof Coating Contractor

The Roof Coatings USA Roof Coating System is a premium quality, durable, 100% acrylic latex flat finish. This coating is mildew and algae resistant and will not discolor or yellow when exposed to typical high roof temperatures. It has excellent adhesion to various types of roofing materials and is tintable to match a variety of custom colors. Ideal for use on clay tile, aluminum/metal materials, asphalt shingles, concrete or wood shake roofs.

Ideal for various types of roof surfaces
100% acrylic latex for excellent adhesion
Non-yellowing and resists fading
Mildew and algae resistant finish
Numerous colors available
